QUALITY INNOVATIVE SOLUTIONS, INC RECEIVES A SUBCONTRACT TO PERFORM ON ARMY'S ITES-2S CONTRACT VEHICLE

Quality Innovative Solutions, Inc announced today that it has received a subcontract from Science Applications International Corporation [NYSE: SAI] to perform on the U.S. Army's Information Technology Enterprise Solutions 2 Services Contract (ITES-2S). The ITES-2S contract is an indefinite-delivery/indefinite-quantity vehicle with a three-year base period of performance and a total of three, two-year options. SAIC is one of 16 companies to receive a prime contract award under the ITES-2S program, and the estimated, collective value of the entire program is \$20 billion.

As a subcontractor to SAIC, Quality Innovative Solutions, Inc will have the opportunity to provide the Army with IT services, business process reengineering, information systems security, information assurance, network support, systems operations and maintenance, program management, enterprise design, integration and consolidation, and education and training.

Quality Innovative Solutions, Inc is proud to join SAIC in support of the ITES-2S contract. Dedicated to providing top-notch service to our customers, we look forward to a mutually successful relationship with SAIC and the ITES-2S team for Army Information Technology support.

###
